- Visioning:** Data based needs assessment (district assessments, CRT), literature review (best practices, current research).
- Alignment:** Align district standards & learner results with state and national standards, develop budget, materials review & selection if necessary.
- Materials acquisition and implementation:** Purchase materials as budget allows, professional development as needed, revise assessments, design pacing guide, begin implementation.
- Refining & evaluation:** Pacing guide refining, standards & learner results refining, professional development & data based program evaluation.
- Program maintenance & evaluation:** Best practices professional development, continued implementation, data based program evaluation.
