30. <i>MEMORIAL DAY NO SCHOOL No Program</i>				

May is going to be another wonderful month! We have many great opportunities for your child to learn Spanish, help children from around the world, and participate in several math and science activities. With Artworks approaching us quickly we will be helping to decorate the gardens outside of school. Your kids

along with Miss Jackie have painted a wonderful desk and chair with an Under the Sea theme. This item will be raffled off and the proceeds from this item will go to support CARES.

As the end of the school year is approaching it is essential that all bills are paid IMMEDIATELY. If you have questions referring to your balance please do not hesitate to call me at 522-6151.

Due to low numbers interested in the summer program we will not be offering one this summer. I am sorry if this causes any inconvenience. There is a binder of summer programs outside the office where you can find many wonderful programs that Bozeman is offering.

Have a wonderful month!!!! ~ Carrie Bock (or as your kids may call me, Miss Carrie)
