Out-of-District Attendance

Out-of-District Student Enrollment

It is the building principal’s responsibility for assuring out-of-district students are identified per Policy #3115. Each principal shall designate someone in their respective building(s) with enforcing the provisions of this policy. If a student does not meet the residency requirements, they are considered out-of-district. If an out-of-district student is allowed to attend Bozeman Public Schools per Policy #3115, the attached Attendance Agreement (State Form FP-14), 3115F3, must be completed.

A student whose legal residence changes to another district during the school year may remain in the Bozeman Public Schools on a tuition basis until the end of the current school year. If it is determined during the school year that a student lives outside the district boundaries, the student may remain in the Bozeman Public Schools on a tuition basis until the end of the current school year.

All students residing within the district are provided with equal access to public education, without regard to their own citizenship or immigration status, or that of their parents or guardians. Specifically:

- i. no students are barred from enrolling in the district on the basis of their own citizenship or immigration status or that of their parents or guardians;
- ii. the district will not ask about a student’s citizenship or immigration status, or that of their parents or guardians, to establish residency within the district; and
- iii. any documentation necessary to determine geographic residency within district boundaries for enrollment purposes does not include any requirement that a student provide a visa or other proof of U.S. citizenship or U.S. residency to be enrolled in any district school.

Out –of-District Enrollment for Students Whose Parents are Employees of the District

Students whose parents are employees of the District may attend on a tuition basis under the provisions set forth in District Policy #3115. An employee must work a minimum of .75 full-time equivalent for a child to be accepted for out-of-district attendance with tuition. Termination of employment will result in termination of discretionary out-of-district attendance at the end of the current grading period. If tuition is not paid for out-of-district attendance students, approval will be revoked at the end of the current grading period.

Attendance Agreement - Completion Procedures

The building principal or their designee is responsible for the completion of Sections 1 and III c. of the Attendance Agreement. If the student will receive special education services, Section III c. should be so marked. Once Sections I and III c. are completed, the Attendance Agreement should be sent to Business Services for completion of the rest of the form. If the Special Services section is marked, the Director of Special Services will determine the level of service. Business Services will be responsible for billing and collection of any tuition amount.

Tuition Rates

Regular Education Students:

	<u>K-6</u>	<u>7-12</u>
2018-19	\$1,114.60	\$1,427.20
